Note from the future Chief

Hello Skyuka Lodge! I cannot wait for the upcoming year as your Lodge Chief! I have many ideas for this upcoming year, but it all starts with you. I cannot wait to see where we will take GOLS and CCC next year. Together, let us seize this opportunity to create a lasting impact and leave a legacy that future generations can take pride in. Like I said It's crucial to continue these traditions of a Brotherhood of Cheerful Service, but in the words of the Lenape as Wimachtendienk Wingolauchsik Witahemui, achieving this requires the collective effort of the entire Lodge. And I know we can do it together, if you have any comments, concerns, or sarcastic remarks, feel free to reach out!

Open Chairmen Positions

Brothers, with the new year coming up, that means new officers are taking place. These new officers are going to need people to fill their chairman positions, so that they have help with their job and they don't have everything just on their shoulders. This is a great opportunity to become more connected and be more involved in the lodge. Please, reach out to one of your LEC members and they will let you know what positions are available. Remember, the longer you wait, the less spots are going to be open, so, reach out now!

Farewell from the LEC

Now that the year is up, new brothers are going to be stepping into our shoes. Some of us might move to new positions. Some of us might leave. None the less, we all want you to know that we have had fun serving as the LEC this year. We have also loved getting to know all of our brothers. Whether they were old brothers or new ordeals, the fellowship has been overwhelmingly enjoyable.
